

Parent & Carer Voice

Date: 25 March 2025

Staff Present: Mrs Pretty, Mr Carlsson

Agenda

- The year 11 mock exam timetable and a possible review for future year 11 students due to structure of exams and sometimes there only being a 25-minute break between each exam. The way the current timetable is scheduled school are not getting best from students.

Parent feedback – student felt like they had only just done one and so didn't bother as much

Extra English revisions sessions were very helpful.

- Teacher absence/volume of covers. Some days recently my son has had up to 3 covers a day - he has had regular covers (including every Mon-Wed and Fri for tutorial since November) with no communication home, and often no clear work outlined in class. His progress is still being reviewed despite the lack of teacher, and his progress is suffering with this.

Please can you outline if there are any long-term issues with staffing for certain subjects, and a plan to keep parent/carers informed of longer-term issues.

Cover Team is highly trained

Mitigate cover where possible by managing any course.

Over staff to support subject specific cover

- Arbor

Outlined plans to move to Arbor
